Officers Elected at Chamber Annual Meet

Annual meeting of the Drayton Valley Chamber of Commerce was held in the town office last Thursday evening and a new slate of officers elected.

A. A. Braden was returned as president for his second term and other members of the executive include John A. Bright, Vice-President; Robert M. Findlay, Secretary; and Wayne Schmidt, Treasurer.

Elected to the board of directors were: W. G. Johanneson, Fred Raven, Gerry Pohling, Robert Cowan, Karl Degen, Carl McMillan, Adrian Meier, Wesley G. Ratzlaff, Ronald A. Smith, Glen McLaughlin, Lorne Nelson, Harry Zolmer, Otto Nickel, Alex Zubot and Everet Brandt.

Only a small attendance of members was present for the meeting.

During his report on activities for the past year, Mr. Braden noted that although general meetings do not always get the attendance they should, the executive meetings get good support and are able to accomplish a good deal of business. He reviewed undertakings by the Chamber during the year and outlined projects that are still before the group or that will be coming up in the future.

Chamber Briefs

At last Thursday's meeting of the Drayton Valley Chamber of Commerce it was decided to again sponsor a Christmas house lighting contest with prizes of $25, $15 and $10 for the three best decorated homes. Local clergymen will be asked to act as judges.

****

A letter was read from the Alberta Workman's Compensation Board announcing a safety clinic to be held here December 7th.

****

Christmas lighting of the business district was discussed and the possibility of extending the decorations explored. A planning program was suggested to increase the decorations over the next few years. It was also decided that business men be approached to determine their feeling in regard to the lighting project.

****

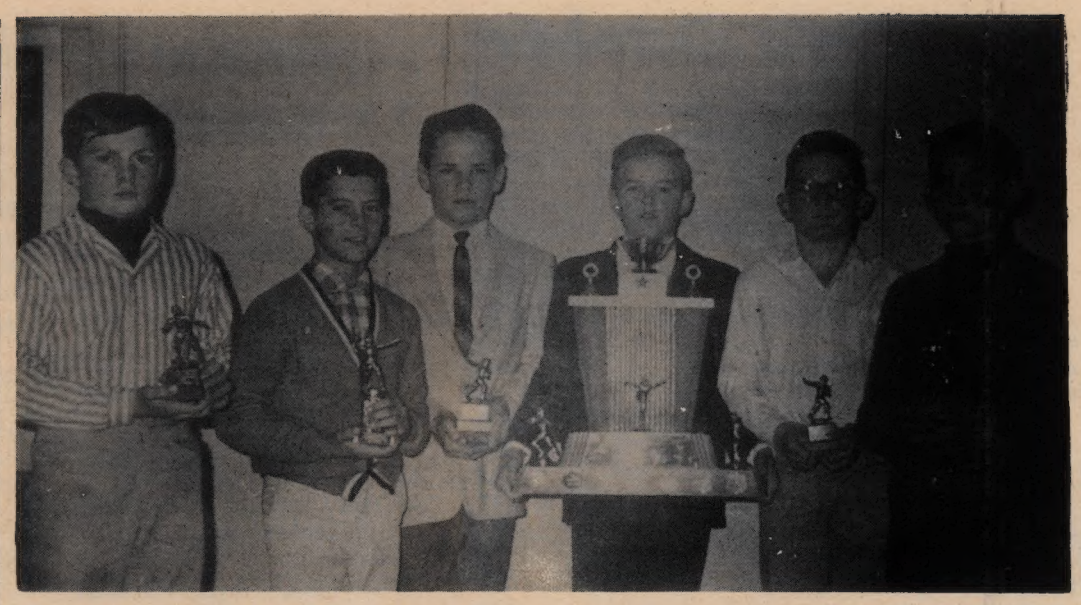
A query from the floor asked what action has been taken by the Prairie Farm Assistance Act administrations in regard to crop failures in this area. No answer was available and it was suggested that the Chamber should make inquiries regarding P.F.A.A.

****

Three reports were read from Bob Cowan for the Membership Committee, Klondike Kampers Karnival Committee, and the Adult Education Committee.

****

A vote of thanks was tendered to Tom Johnson who is retiring after serving as secretary for the past two years.



Football Trophy Winners - L. to R. are Doug Smith, top Stampeder Lineman, Jay Meraw, outstanding player on Stampeder Football team; Norman Tucker, best Stampeder backfielder; Brian Anderson, Captain of the Stampeders holding the Forster Trophy emblematic of the Community Pee Wee Football Championship; Allan Casey, voted best backfielder on the Eskimo squad and Bruce Hay, Eskimo Lineman of the year.

Award Football Trophies

A Trophy Night held at the B.P.O. Elk's Hall last Tuesday evening officially closed out the Minor Football season in Drayton Valley. The function was held for the boys who played football at the Pee Wee level during the past season along with their parents, the team coaches and members of the Drayton Valley Athletic Association Football Committee.

The evening got underway with the showing of films featuring the 1964 Grey Cup between Hamilton and B.C. Lions and the 1964 version of the Cleveland Browns of the N.F.L. who won the world championship last year.

This was followed by the presentation of trophies to deserving competitors. Lineman awards went to Bruce Hay of the Eskimos and Doug Smith of the Stampeders while the backfield trophies were received by Norman Tucker of the Stamps and Allan Casey of the Esks. These trophies were presented by the Drayton Valley Athletic Association. An award for the most outstanding player on the Stampeder team presented by the Stamp coaches, Ricky Simon and Dennis Meier, went to Jay Meraw. The Forster Trophy, emblematic of the Pee Wee Football championship for Drayton Valley was received by the Stampeder coaches and the team captain, Brian Anderson. The Stampeders edged the Eskimos 8-6 in the Trophy Game played on October 31st to win the championship for 1965.

The evening closed out with hot dogs, coffee and pop for everyone present. The food was prepared and served by Mrs. E. Bengston, Mrs. H. T. Swanlund, Mrs. R. Samis, Mrs. D. Meraw and Mrs. G. Hay. To those ladies the Drayton Valley Athletic Association extends a vote of cordial thanks. Without their contribution the Trophy Night as we knew it could never have been realized. The D.V.A.A. also wishes to thank the B.P.O. Elks for their kind donation toward the local football program.

Cookbook On Press

Mrs. E. Hennessey (left), president of the C.W.L. and Mrs. M. Niehaus, convenor of the Cookbook Committee, look on as pages of the group's cook book roll from an offset press in the office of The Western Review. The book is now in the final stages of production and will be available from the C.W.L. members in a few days.

CHRISTMAS DECORATIONS

Christmas lights went on in Drayton Valley last week and are helping to provide a measure of festive air to the community.

As newcomers, we are impressed with the number of lights and the excellent selection of decorations spotted throughout the downtown area. The light-up in Drayton far surpasses the efforts of many of the Alberta communities with which we are familiar.

RED CROSS HOLDS ANNUAL MEETING

At the annual meeting of the Drayton Valley Branch of the Red Cross the following executive was elected for 1966: President, Mrs. Tyler; 1st Vice President, Mrs. Dixon; 2nd Vice President, Mrs. Adams; 3rd Vice-President, Mrs. McKillop; Secretary, Mrs. Waddell; Treasurer, Miss Lilje; Disaster Committee, Mrs. Pickup; Blood Donor Clinic, Mrs. McKillop; Campaign Chairman, Mr. Krauter; Nominating Committee, Mrs. Dixon, Mr. Pickup and Mr. Miles.

Special guests for the meeting were Mrs. Hadley, Regional Chairman, of Stony Plain and Mr. Cuthbert, Branch Manager, of Edmonton. In her remarks Mrs. Hadley complimented canvassers on the splendid showing made by Drayton Valley in the last drive when well over one thousand dollars was collected

Mr. Cuthbert spoke of Red Cross's most important work, the gathering and distributing of blood. Red Cross will work very closely with Civil Defence in any disaster or emergency.

It was noted with interest that Mr. Gutz, grade six teacher, has organized a Junior Red Cross in his classroom.

CANTATA SCHEDULE

The Drayton Valley Community Choir will sing "Love Transcending", a cantata by John Peterson, this Christmas at the following times: Sunday, December 12th at 3:00 p.m. in the Lutheran Church; Sunday, December 19th at 11:00 a.m. at the United Church and at 7:30 p.m. at the Anglican Church; Monday, December 20th at 8:00 p.m. in Evansburg; and on Wednesday, December 29th at 8:00 p.m. in the Warburg Covenant Church. All are welcome.

LIBRARY INVENTORY

The Municipal Library staff is planning a complete inventory of its stock during the holidays. Borrowers are requested to return all books to the library not later than Dec. 24th. The library will close at 5:00 p.m. on December 24th and re-open on Tuesday, January 4th. Your kind cooperation will be much appreciated.

ANGLICAN W.A. MEETS

The regular meeting of the Anglican W.A. was held in the Parish Hall on December 1st with 11 members and 3 visitors present.

Mrs. Ingram gave a report on the board meeting which was held in Edmonton. The ladies exchanged gifts as a feature of the holiday season. The meeting adjourned with Prayers and lunch was served.

SAFETY CLINIC PLANNED

An industrial safety clinic sponsored by the Alberta Workman's Compensation Board will be held in the Canadian Legion Hall in Drayton Valley on Tuesday, December 7th at 7:30 p.m.

The clinic is reported to be a highly entertaining and educational program of new technicolor films, dramatic demonstrations and discussions.

The safety clinic will be taken to over 30 Alberta Communities as a major part of the board's safety promotion program. The clinic has been received with enthusiastic response in many communities already this year.

LEGION SEEKS RINK ENTRIES

Members of Drayton Valley Branch 269, Royal Canadian Legion are advised that entries are now being accepted for rinks to compete in Branch play-offs to determine zone representative.

Rinks may be entered with A. Griffith, J. Berg or on entry sheets posted on Games Room bulletin board and Curling Club bulletin Board. Entry fee is $4.00 per rink and entries must be in by December 22nd. Entry is open only to ordinary Legion members whose dues for 1965 and 1966 are paid. Enter your rink early and avoid disappointment.

MORE NEWS WANTED

The Western Review is happy to accept reports of meetings from secretaries or publicity committee members of town and district organizations. We would also like very much to carry reports from F.U.A. and F.W.U.A. groups in the area.

At the same time we still have room for correspondents from several district points who could perform a real service by keeping the news of their community before readers of this paper.

Town residents are also asked to send in items of local interest. Phone either Mrs. Deby or The Western Review - we would be glad to hear from you.

There were 4,787,093 pupils in attendance at Canada's elementary or secondary in the 1963-64 academic year, and another 1,800,000 were enrolled at university

GREY CUP POOL WINNERS

The winners in the Lions Grey Cup Pool held in November were: 1st quarter - Bob Kraus, Drayton Valley; 2nd quarter - Grant Campbell, Drayton Valley; 3rd quarter - B. Urchyshyn, Drayton Valley; 4th quarter - Gerald M. Gartner, Drayton Valley.

Congratulations go to all the winners and a big vote of thanks to all who helped support the Lions Club in this manner.

SHARE YOUR CHRISTMAS

A child dreams of Christmas--striped candy canes--mysterious packages hidden away--reindeer landing on a snowy roof--a red felt stocking hung on the mantlepiece--a tree twinkling with magic colours--a midnight sky dancing with stars.

Every child dreams at Christmas time, and as we grow old we cherish the dreams of our childhood as much as the reality of this sacred season. But there are some children who dare not dream of Christmas. They have been hurt and disappointed so much in tbeir short lives, that they are afraid to hope. These are the children of poverty-stricken families, of broken homes, and institutions. Ill. frightened, unhappy children. Must they go without Christmas this year, while others have so much?

Not if the Salvation Army can help it. In countless ways this 100-year-old Organization brings the joys of Christmas to children too often forgotten. Small things--a stocking filled with candy canes--a new doll--a warm smile-- can make the day glow with happiness for a child. Salvationists not only provide these things, but also work to reunite families, obtain jobs for fathers, and help parents to cope with emotional problems. A gift to The Salvation Army's annual Christmas program can give a child the courage to dream again.

Letters To The Editor

Box 756
Drayton Valley
2nd December
1965.

To the Editor
The Western Review.

Dear Sir:

As the round up of dogs is on once more, I would like to make a suggestion with regard to this scheme, and that is that the money received in fines should be sent to the National Prevention of Cruelty to Animals Society. The nearest one I know of is in Edmonton, unfortunately, there is not such a society in Drayton Valley.

I hope other dog lovers and owners will agree with me.

Yours faithfully,
Mrs. E. Waugh.

SATELLITE HONORED BY STAMP

A stamp to honour the recently launched Alouette II satellite will be issued on 5th of January, 1966, the Postmaster General announced recently.

The Alouette II is a Canadian satellite developed by the Defence Research Telecommunications Establishment and the National Research Council. It was launched in California as part of a Canadian-American program of space research.

This 5¢ stamp was designed and printed by the Canadian Bank Note Company of Ottawa from data provided by the Defence Research Telecommunications Establishment. The stamp features an artists's interpretation of the Alouette II orbiting over the globe. A partial outline of Canadian territory is visible. The colour will be blue. A total of 26 million will be issued.

Mr. and Mrs. J. R. Baker

All Saints' Church Setting For Wedding

A double ring ceremony was performed in All Saints Anglican Church in Drayton Valley, when Carmen Louise, second eldest daughter of Mr. and Mrs. Les Oscar of Drayton Valley and James Richard Baker, eldest son of Mr. and Mrs. Jim Baker of Edmonton were united in marriage at 2:00 p.m. September 11, 1965.

The bride entering the church on the arm of her father looked beautiful and happy as she then knelt on the white cushion at the alter, about to become the wife of Richard (Dick) Baker. She chose a most becoming long white satin gown with lily point sleeves and lace top, especially made for her by her aunt, Mrs. Leo Hutchinson. Her chapel veil was held in place by a crown of pearl leaves and she carried a bouquet of white tallismen roses. Her attendants were her sister, Miss Anne Oscar, maid of honour, and her cousin, Miss Susan Oscar, bridesmaid. They wore identical street length gowns of peach colored satin and carried bouquets of white star flowers.

The mother of the bride chose a teal blue dress with matching hat and corsage of yellow roses. The groom's mother chose a three-piece suit of peacock blue trimmed in grey, and a corsage of pink roses.

Guests were ushered to the pews by Mr. Ray Oscar and Mr. Ray Hutchinson. Miss Janice Hutchinson was in charge of the guest book. Mrs. Edmunds, faithful organist of the church played the wedding music.

Open house was held at the bride s parents from 3:00 to 5:30 p.m. A reception for approximately 70 guests sat down to a delicious turkey dinner. Bride's table was decorated in pink and white and centred with a beautifully decorated three-tiered wedding cake. The reception hall was also in matching colors with most attractive decorations for this special occasion.

Mr. Ted Oscar brother of the bride and M.C. for the evening, politely called on several friends of the bridal couple for a surprise speech. The response was most sincere and well spoken. Among those to speak were Mr. Bill Rose, formerly of Sedgewick, and now of Drayton Valley. Several other gentlemen spoke briefly and sincerely of the happy young couple and also wished them every happiness. The proud parents of both bride and groom expressed their graciousness to the guests present to confirm such a happy celebration. Telegrams were read by the M.C. from Mr. and Mrs. David Hooper, and Mr. and Mrs. Dwayne Gibs.

The bride and groom then expressed their gratitude in a few well chosen words and announced a dance to follow.

For going away the bride donned a dark green wool suit with black accessories. After a honeymoon to Banff, Jasper, Calgary and Edmonton, the happy couple will make their home in Drayton Valley where both are employed, the bride with Solo Store Super Market and the groom with Pan American Petroleum.

Out of town guests were from Edmonton, Sedgewick, Daysland, Olds, Hay Lakes, Hardisty and St. Michael.

Trained elephants recognize 2-25 different work commands.

Cooking Magic

CHRISTMAS CANDY

Chocolate Coconut Drops

1 1/3 cups flaked coconut
½ pt. marshmallow creme
½ tsp. vanilla
Dash salt
1 4½ oz. milk chocolate candy bar.

Toast coconut in 350° F. oven till golden brown (about 8 minutes); cool. Combine marshmallow creme, vanilla, salt and coconut, stirring till well blended. Form in about 4 dozen marble size balls; chill. Melt chocolate over hot water. Dip chilled balls in chocolate; place on waxed paper. Chill till chocolate is firm. Store in a cool place.

Coffee Chip Fudge

2 tbsp. instant coffee
3 cups sugar
1/8 tsp. salt
½ cup light cream
1 cup milk
2 tbsp. white corn syrup
3 tbsp. butter
1 tsp. vanilla
½ cup chopped nuts
1 cup semi sweet chocolate pieces, 6 oz.

Combine coffee, sugar, salt, cream, milk and syrup in 3 quart saucepan. Stir constantly and bring to boil over low flame. Without stirring, cook to soft ball stage 238° F. Mixture will appear curdled. Remove from heat, add butter and vanilla. Do not stir. Cool to 110° F. (outside of pan will be lukewarm). Beat with spoon until mixture loses gloss and begins to thicken. Add nuts and chocolate and turn into buttered 8 inch pan. Cool and cut.

Honey Sugared Walnuts

2½ cups walnut halves
1½ cups sugar
½ cup water
1/4 cup honey
½ tsp. salt
½ tsp. cinnamon
½ tsp. vanilla

Toast walnuts in 375° F. oven for 10 minutes; stirring once. Butter sides of heavy 2 quart saucepan. In it combine sugar, water, honey, salt and cinnamon. Heat and stir till sugar d ssolves and mixture comes to boiling. Cook to soft ball stage 236° F. without stirring. Remove from heat; beat till mixture begins to get creamy. Add vanilla and warm nuts; stir gently till nuts are well coated and mixture becomes thick. Turn out on buttered baking sheet; with 2 forks, separate nuts at once.

Turkish Delight

1 tbsp. plus 1½ tsp. gelatine
1 cup sugar
1/4 cup cold water
½ orange, grated rind and juice
1/4 cup hot water
½ lemon, grated rind and juice
Red or Green food coloring

Soften gelatine in cold water. Combine sugar and hot water and heat to boiling. Add gelatine and simmer 20 minutes. Add citrous juice and rind and red or green coloring. Strain into loaf pan. Pan should be large enough so that mixture is ½ to 1 inch deep. Add chopped nuts if desired. Chill until firm. When it is cold, turn it on to a board. Cut into cubes or other shapes and roll in confectioners sugar. If you prefer other flavors, e.g. peppermint, wintergreen and cloves, omit the fruit juice and rind, add ½ cup of water a and flavor with a few drops of oil of peppermint, oil of wintergreen or oil of cloves, etc.

Iron must be administered to nursing pigs to prevent nutritional anemia. Preparations available include reduced iron, paste, pills, liquids, ferrous sulphate to sprinkle on sods, and injectable iron.

MANY ACCIDENTS HAPPEN DUE TO A BROKEN WINDSHIELD

Replace your windshield when visibility is poor. We replace glass for all insurance companies and will contact them for you. Due to volume buying our prices are the lowest. If we haven't got your windshield on hand in our large stock, we guarantee one day delivery.

For a good deal on glass replacement or body work check with Howie at:

Reduce Your Income Tax

You can cut taxes now on money you set aside for your retirement years, if you meet either of these two simple requirements:

1 You are not a member of a Registered Pension Plan;
2 You are a member of a Registered Pension Plan but your contribution is less than the maximum allowed for tax savings.

One other important thing. Your savings (in excess of any contributions to your employer's Registered Pension Plan) must be put into a "Registered Savings Plan"—the kind of plan you would buy from a life insurance company. And you must establish your Plan by March 1, 1966, for relief on your 1965 income tax.

If you are not a member of a Registered Pension Plan, the maximum allowed for tax savings is 20% of your earned income or $2,500, whichever is less. If you are a member, the maximum allowed for your combined savings under both the Registered Pension Plan and Registered Savings Plan is 20% or $1,500, whichever is less.

Why is a Manufacturers Life Plan the best way?

Because there's no guessing about the basic amount of money you'll accumulate or the basic lifetime income it will purchase when you retire. You have these figures in writing in your contract when you buy.

Moreover, you may purchase a participating contract and receive dividends in addition to the basic guaranteed benefits.

For more information call your Manufacturers Life representative today or mail in this coupon. There is no obligation.

Statistician Makes Assessment Of Farm Market Outlook

R.E. English, Alberta's Agricultural Statistician, offers the following assessment of the Canadian market outlook for beef cattle, hogs, poultry, potatoes and rapeseed.

Beef Cattle--Canadian beef cattle prices are expected to remain near present levels during 1966. According to Mr. English, the strength of our domestic market is due to a four-fold increase in the number of slaughter and feeder cattle being exported to the United States. This heavy demand for beef by the States is expected to continue into next year.

Mr. English says the large number of heifers and cows that were slaughtered during the past year will be a principal factor in maintaining beef prices into the future. Herd rebuilding or expansion is expected to begin next year.

The present situation in the cattle industry points to an increase in the average weight of beef animals to be slaughtered in 1966.

Hogs--Canadian hog prices are expected to be reasonably good until at least the fall of 1966. Fall prices depend upon the size of spring farrowings which are predicted to be moderate here and in the United States.

During the past year Canadian exports of hog products to the U.S. increased while imports decreased. This situation resulted from an 11 per cent decrease in U.S. hog numbers and high prices.

According to Mr. English, forecasts indicate that pork production will increase 3 per cent in Canada next summer compared to a year earlier. This will be sufficient to restore per capita consumption to normal levels. If, however, production expands further, prices will fall unless net exports increase.

Canadian producers are interested in hog production plans south of the border because most of the pork, uncooked hams etc. imported by the United States originated in Canada.

Current forecasts, says Mr. English, indicate that farrowings in the U.S. for December-February will about equal those of a year ago. The spring pig crop will be above 1965 levels but not sufficiently high to result in very low prices by next fall. A sizable increase in production and low prices are expected in 1967.

Poultry--Egg prices are expected to take a 2 to 3 cent seasonal drop about mid-December. According to Mr. English, the supply of top quality eggs is still tight but prices paid to producers for second grade eggs are already weakening.

Broiler prices are predicted to hold at 20 cents a pount or slightly higher until at least the end of January.

Turkeys are moving well with inventories less unwieldy than a year ago.

Potatoes-- Canadian potato prices will be considerably lower than those of last year despite the fact that this year's production was down from 48 to 45 million hundredweight.

Mr. English points out that the price of potatoes in Canada is determined by the supply and demand situation on the North American Continent. The large 1965 North American crop will result in somewhere near "average" prices.

THOUGHTS FOR CATTLEMEN

Now that calf weaning time has come to the cattle herds in this area; it might be well to give thought to herd improvement. The important factors in beef raising are (a) Ability to gain, (B) Conformation and (c) Efficiency of feed utilization. All these qualities may be passed on by the sire and dam to their progeny. Differences in gain between calves from the same herd when fed and raised together can amount to as much as $50.00 worth of marketable meat at one year of age. You may increase your production by eliminating the animals which are least profitable and build your herd up from R.O.P. stock. There are several ways of accomplishing this: 1. Keep a continuing record of all the brood cows. 2. Making regular checks during the feeding period. 3. Keeping a record of all the calves from birth. 4. And of course, close attention MUST be given to the Bulls - for a good bull can be worth a great deal in the herd. As your project develops you may acquire scales to allow you greater ease and more accurate records. All this will assist you in farm management.

This also is a time for cattlemen to do some calculating of hay and feed requirements for the 200 day feeding period ahead says a beef cattle specialist, W.T. Henderson of Manitoba; while prices of feed supplies are still relatively low.

Every winter there are some herds that are kept on subsistance rations with the result that a few individual animals die of malnutrition or succumb to disease because of malnutrition. Many remaining cows are in a very weakened condition and produce weak or stillborn calves. Mr. Henderson says, in some instances calves and yearlings are overwintered on such low quality rations that they actually loose weight over the winter feeding period in spite of growth. Calves generally should gain about 200 pounds over the winter or about one pound per day.

It is considered good practice to provide about three tons of good quality hay to carry a mature beef cow through the winter. The alternative to good quality hay is to augment it with straw and grain (preferably oats and barley) and supplements on silage. Emphasis is placed on quality of feed, especially for young stock. The specialists believe that much of the wild hay may lack many necessary nutrients for good animal growth and development. A wise precaution to all cattle owners is to provide a free choice mineral mixture with salt and high energy protein feed with necessary Vitamin "A" in suitably balanced ration. This is especially true when wintering pregnant cows if you are to experience a successful operation the following year.

Further information on cattle feeding may be obtained at the Agricultural offices in Edson and Evansburg. We shall gladly consider your feeding practices and operations in detail at your pleasure.

Susan Wolff Night At Evansburg

On November 20th a "Susan Wolff Night" was held in the Evansburg High School Auditorium in honor of Susan's splendid achievement in winning the Governor General's Medal for the Edson School Division. This medal is presented to the Grade IX student with the highest marks in the Edson School Division, and the town of Jasper.

The "Susan Wolff Night" consisted of a dance, and congratulatory messages given by the following speakers. Mr. Wade, the High School Principal, gave a short biographical sketch of Susan's Life, activities in the school and the community, her interests and ambitions. Mayor Len Corkery spoke of the honor that Susan has brought to our Community, and also mentioned other equally praiseworthy achievements which have been made in the academic field by her sisters Shirley and Rosemary. Mr. Fred Fausak, trustee for the Edson School Division congratulated Susan on behalf of the School Board. The actual presentation of the medal was made by Mr. Alex Jardine, School Superintendant.

Susan's achievement in Grade IX was as much attributable to hard work as it was to the fact that she is an excellent scholar. I am sure the whole community wish to congratulate Susan on her success, and we are all expecting to hear of further academic successes in the future.

Don't Bring Tree Indoors Too Soon

The Christmas tree can become dangerously dry if it is brought into the house too soon. Until about two days before Christmas Eve it is best to the leave the tree outdoors, preferably under snow.

D.V. HIGHLIGHTS

By Edith Deby

The Community Choir will present its Christmas cantata, "...ve Transcending" in the Lutheran Church at 3:00 p.m. on Sunday, December 12th. The public is invited to attend.

Best wishes for future happiness are extended to newly weds, Mr. and Mrs. Jack Goubault.

Mrs. Hill of Violet Grove is spending the winter with her daughter, Mrs. Archie Tone in the Camrose district.

Mr. Miles, Mr. Phillips, Mrs. Hazzard and Mrs. Vaughn Thompson went to Lacombe to observe civil defence exercises in that town and reported exercises were carried out satisfactorily. Mr. Miles is co-ordinator for civil defence in Drayton Valley. Mrs. Thompson is in charge of welfare.

Isn't is splendid to see John Jensen back in R.C.M.P. uniform?

Dianne Chenery had the misfortune to break her leg last week. This is the second such accident in the last week and we hope it doesn't become fashionable.

Mr. and Mrs. Robert Perkins paid a surprise visit to their daughter and son-in-law, Mr. and Mrs. Vernon Campbell, last week. Mr. Perkins is well known in Saskatchewan political circles having been M.L.A. for Melfort for some years.

BERRYMOOR NEWS

Mrs. J.M. Barrett, Correspondent.

The Berrymoor Ladies Club, the 3 B's, held a rummage and bake sale on the 27th which wasn't a good day we found out as the Grey Cyp was more interesting. The people that came would rather eat than rummage -- at least the baking sold out in a hurry but the other things didn't.

Mrs. Hatty Barrett arrived home on the weekend after a month's visit with relatives and friends in Michigan, U.S.A. Her daughter, Bertha Olesen, from Inisfail, took the trip with her and they say they had a wonderful time but are glad to be home.

The Lindale Home and School put on a bingo at the school on the 29th to raise funds for the Christmas candy bags. The prizes were donated by the people. Some gave money, others chicken, aprons, sugar, flour, a rug and some towels so there was quite a variety. They cleared $97.25 which should almost be enough for the candy bags.

ALBERTA JUNIOR CITIZEN OF THE YEAR

BULLETIN:

WAINWRIGHT GIRL HONORED FOR DEVOTION TO FAMILY

At fifteen years of age, Judith Rutledge has proved herself a worthy Junior Citizen by her unselfish care of and devotion to her family. Judith's mother, a courageous victim of ill health, is now confined to a wheel chair.

For over four years Judith, the only girl in a family of six children, has cheerfully taken over the cooking, baking, canning, freezing and laundry in the ranch home. Her older brothers are busy with outside work. Judith is also responsible for the care of her younger brothers.

This heavy load of responsibility has not prevented Judith from doing well in school. She also finds time to be an active member of the 4-H Greenshields Beef Club.

We congratulate Judith. Our thanks to Alberta's Weekly Newspaper Editors for their active co-operation in the Alberta Junior Citizen of the Year program, sponsored by Alberta's investor-owned electric utility companies.

This is one of a series of Junior Citizen Award announcements. Our special thanks to L. D'Albertanson, Editor of the Wainwright Star-Chronicle and to Judith's nominator, Mrs. D. K. Roach of Wainwright.

CALGARY POWER LTD.

JCW 6

Comedy Kings Down F.M.H.S. Warriors 68-49

The Harlem Comedy Kings billed as America's Greatest Sports Show paid a short visit to Drayton Valley on their present tour of Canada, much to the pleasure and enjoyment of the numerous basketball fans in the area. The Kings put on a show of dribbling, passing and shooting that will long be remembered.

Showboat Buckner, once of the Harlem Globe Trotters, continually entertained the spectators with his antics, trick balls, wisecracks and fancy dribbling.

The game started off at a high scoring pace in the first quarter with the Kings outscoring the Drayton team 39-22. The rest of the evening the teams played even on the scoreboard with each team picking up 27 points.

For the Warriors, Jim Cathrea dropped in 15 points while Buckner and Cooper each scored 25 points for the Kings.

Sugarfoot Cooper showed that he has one of the finest jump shots in the game and that he can be depended upon to make shots from all angles of the court.

It is hoped that the over 200 fans that were in attendance last Friday night will continue to make Friday night basketball night and support and follow the fortunes of their F.M.H.S. Warriors.

The Warriors are now making preparations for their Christmas holiday trip to Lethbridge and Milk River to take part in the Knights of Columbus B-Boys tournament.

Hockey Program Underway

With somewhat cooler air pouring into the district, the rinks are in a more favorable condition and the local Minor Hockey program should get underway this week. The regular hockey rink schedule went into effect on December 6th and weather permitting this schedule will be followed throughout the season.

At the Mite level four teams will be in competition in an Inter-mural League. Approximately fifty boys will be playing hockey at this level. In the Pee Wee catagory, an All Star team will be formed to compete in the Hi-Way 16 West League and over and above this there will be a House League involving three teams. Another fifty or more boys should be playing at this level. We look forward to a Bantam team competing in the catagory of the foremention league and at least one other Bantam team which will include over age boys and others who do not qualify for the league team. A series of exhibition games is planned for this team. There will be no Midget hockey team in Drayton Valley this winter. We have, however, entered a Juvenile team in league competition. This team will be made up of several players of the Midget age group. It was generally felt that more local boys would have a chance to play hockey by entering a team at eighteen years of age and younger rather than a team with a maximum age of sixteen years. League schedules at all levels are set to start this weekend, December 11th.

Next week look for a complete report on all teams at every level, as to coaches, players, team names and other details pertinent to the operation of the particular team or league.

BE SURE TO CHECK THE WANT ADS

Legion Members

All members of Drayton Valley Branch 269, Royal Canadian Legion are asked to attend the annual election of officers night, December 8th at 8:00 p.m. in the Legion Hall. This is the most important meeting of the year and members are asked to make special effort to attend.

LODGEPOLE NEWS Mrs. W. Norquay, Correspondent

EARLY MORNING FIRE DESTROYS HOME

At about 8:00 a.m. on the morning of December 3rd the citizens of Lodgepole were awakened by the fire siren. Mrs. Norquay, Western Review Correspondent, reports that smoke and flames were pouring from the home of Mr. and Mrs. M. Clysdale when she looked out.

Mr. Clysdale had gone to work and Mrs. Clysdale and her sister were out of the house when the fire broke out. The family's chihuahua dog was lost in the fire.

Reports indicate that the house and contents were a complete loss.

Congratulations are extended to Mr. and Mrs. B. Holmberg on the birth of a son, Stuart Michael, in the Drayton Valley Hospital.

Mrs. R. Knapp wishes to thank all those who donated and helped make the cub and scout candy sale a very great success.

On Tuesday, the 14th of December the Community League is trying once more to get a bunch together for Whist or cribbage. If you would like to try one of these games please come and have an enjoyable evening at the Community Hall. Just a dollar for the evening and you might win a cash prize.

Curling News

What would happen if you went to a grocery store to buy groceries and there were none, or went to a clothing store and it was empty? I think that you would probably never go back again even though they were again replenished.

The same goes for a rink that goes to curl and the opposition fails to show or gives no intent to the opposition that they will not be present. As was stated in the Curling Review that one of the best ways to kill a Curling Club is, "Don't come and play and if you do come, come late."

In the Men's League play, Gillis helped his fellow rink from Cynthia out as he upset Fournier, which allowed Fiveland to move into sole position of first place in "A" section. Fiveland, Fournier and Gillis are still only two points apart, the games in the next week will probably decide the section Champions, Fiveland remains the only unbeaten team in the Men's Club up to date. McLaughlin leads section "B" with 10 points, Demurs leads section "C" and Reynolds heads the way in section "D".

Entries into the TURKEY SPIEL are over half filled, only 16 more entries are required to fill the roster of 32 rinks. Local teams will be given till Thursday to file their entries after which the club will open the entries to outside rinks. You can either phone Al Casey at 542-3182 or 542-3097, or drop into the Curling Club and sign in.

Bannard still leads the way in the Sunday League. He upset LaBranch in a short 10-end game last Sunday. Other action saw Griffith defeat Boliantz, Small defeat Nikolyuk from Wildwood, Machan lost out to Ray Wickens who was playing for Evansburg, and Ewoniak defaulted to Shimbashi.

CLUB STANDINGS

Men's League. Section "A" "A" -Fiveland, 9; Fournier 8; Gillis, 7; Soliski, 7; Shimbashi 6; Harrison 6, Nelson 6; Goble 4; McGaughy 2; Striet, 1. THE 1966 GMCs ARE HERE!

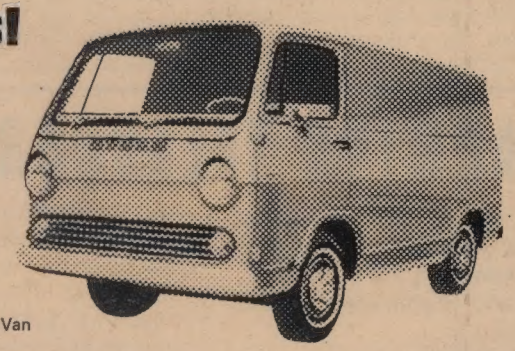
with NEW Toro-Flow Diesel Engines!
NEW V6 Gasoline Engines!
NEW 92" Cab! NEW models!



GMC Handi-Van

GMC 105" cab

NEW TORO-FLOW 4-CYCLE DIESEL ENGINES

Now diesel operational savings and long life are available for medium-duty applications. Toro-Flows give up to double the fuel mileage of similar gas-powered equipment, without the high initial cost usually associated with diesels.

NEW GASOLINE ENGINES

For 1966, a new in-line 6, a new V8 and 4 new V6 gasoline engines join the GMC line-up. Compact V6 block with short-stroke oversquare design cuts friction and heat loss to a minimum.

NEW 92" CONVENTIONAL CAB

Handsomely styled, GMC's new 92" BBC conventional cab features lap joints for great strength, reduction of moisture-holding nooks and crannies. Separate fender, hood, grille and side panels allow single-panel replacement or repair.

NEW MODELS

GMC's range of new engines, transmissions and differentials, and the new 92" conventional cab bring the total to 397 GMC models available for '66. GMC has been setting truck standards in Canada for close to thirty years. With this wider model line-up, GMC is an even better buy in '66.

Learning to smile again

After this Associated Press photo of a stricken Vietnamese girl appeared in hundreds of papers across Canada and the United States last summer, thousands offered help. Foster Parents' Plan's Canadian-born director in Saigon located the girl in hospital and enrolled her. The photo at right shows her after she began receiving monthly aid through the Plan. Almost 7,000 Canadians give help to destitute children in the Far East, Europe and South America, on a person-to-person basis, through Foster Parents' Plan. Information may be had by writing P.O. Box 65, Station "B", Montreal.

A. I. Courses At Vermilion

Anyone interested in taking the artificial insemination technician course at Vermilion, commencing January 3rd, should contact W.S. Baranyk, Principal of the Vermilion Agricultural and Vocational College, immediately. Only 12 applicants will be accepted and five have already applied.

The course will run until March 25th and is open to applicants who have a diploma from an Alberta agricultural college with an Animal Science major or the equivalent from another institution inside or outside the province.

Before registering, an applicant must present a written statement from a registered A.I. technician indicating that he has spent approximately a week with the technician or his associates. This is to show that the applicant knows something about the work involved.

This will be the second time that an artificial insemination technician course has been held at the Vermilion Agricultural and Vocational College.

FARMING TELECOURSE

Means of reducing risk and stabilizing farm income will be stressed in the 1966 telecourse "This Business of Farming".

Produced by the CBC in cooperation with the Alberta, Saskatchewan and Manitoba Departments of Agriculture, the program will be carried on CBC and affiliated TV stations from 10:30 to 11:30 every morning during the week of January 10th - 14th.

In addition to government and university personnel, many farm operators will make their appearance on "This Business of Farming" again this year. A considerable amount of the filming was done on a number of farms and the roles of the operators vary from brief appearances to fairly comprehensive commentaries on their operations. More emphasis will be placed on smaller farms this year than has been done in the past but the same principles hold true for any type of farm.

Monday s program deals with farmstead planning from the point of view of beautification and labour conservation. Emphasis will be placed on such important factors as convenience, wind direction, shelterbelts, tree planting, drainage, water, snow drifting and roads.

The Tuesday program will be devoted to wintering the beef herd. Among the topics discussed will be new ideas for fodder storage, feed requirements and ways to produce an ample feed supply.

Wednesday will feature the small farmer and opportunities that are open to him for increasing his income. Among those suggested are expanding livestock enterprises, the use of credit to obtain an economic unit, off-farm alternatives, either full or part time, and custom work.

Thursday s program concentrates on the selection of enterprises which offer the greatest income stability.

On Friday, "This Business of Farming" will deal with business organization including partnerships, leases, minimizing risks, estate planning, wills and so on.

Several Alberta stations will present half hour local programs following the main telecourse programs. This will enable farmers and district agriculturists to discuss the program and local farming methods.

Released through Drayton Valley Recreation Board, by Michael J. Gormley, Recreation Director.

EGG QUALITY STUDY

The Poultry Branch of the Alberta Department of Agriculture has recently published a report on an egg quality s study conducted earlier this year.

The purpose of the study, says Poultry Specialist, G.O. Johnson, was to gain factual information on the keeping quality of eggs cleaned under modern washing programs. Two different plant washers were also compared.

According to Mr. Johnson, unwashed eggs were compared with washed eggs, eggs which had been oiled and then washed, and eggs which had been washed and then oiled. After the different treatments, the rate of interior quality breakdown was recorded and the information analyzed for significant differences. The Haugh Unit, obtained from readings of the albumen height of the newly broken-out egg, was the guage used for measuring the interior quality. The data was recorded after 1, 2, 3, 4, 7 and 14 days of storage.

Mr. Johnson says the study showed that oiling eggs on the farm before they are washed at the plant is beneficial when they are held for 2 or more weeks before being used. Eggs oiled after they are held for 2 or more weeks before being used. Eggs oiled after they had been washed did not show any beneficial results up to the two week period. Eggs washed under strictly controlled conditions did not deteriorate any faster than unwashed eggs, says Mr. Johnson. All eggs, regardless of treatment, deteriorated significantly in quality by the end of two weeks.

According to Mr. Johnson, no significant difference was found in the eggs washed by the two different plant washers.

A copy of the report, entitled "Egg Quality Study" can be obtained from the Poultry Branch of the Alberta Department of Agriculture, Edmonton.

RESIDUES IN WILDLIFE

Wild ducks do pick up some insecticide residue but the amount is generally insignificant says W.A. Charnetski analysed young ducks collected by the Canadian Wildlife service in the Strathmore area for residues of chlorinated hydrocarbons such as dieldrin and D.D.T.

Residues were found but generally they were below the tolerance level of seven parts per million set by the Food and Drug Directorate for D.D.T. Over 80 per cent of the ducks were free of any dieldrin residue and the rest had residues of very low levels.

The amounts of D.D.T. found by Mr. Charnetski ranged from 0 to .97 p.p.m. in muscle tissue and up to 36.48 p.p.m. in fat. Only 4 per cent showed no D.D.T. The insecticide history of the Strathmore area shows no significant use of D.D.T., Mr. Charnetski says. Therefore, it was concluded that the insecticide residue was transferred to the young ducklings from the hen via the egg.

The amount of dieldrin residue in the 20 per cent of the birds that showed it, ranged from 0 to .11 p.p.m. in muscle and up to 2.62 p.p.m. in fat. Since we tend to eat the muscle and not the fat these are fairly insignifcant levels, Mr. Charnetski says.

Much more study is needed on sub-lethal concentrations of insecticides in animals and its effects, says Mr. Charnetski. Their effect on the animals is not really known. It also points out that we will have to learn to live with insecticides because they are necessary for food production, he adds.

Novel design

Two unusual designs being employed by the Edmonton Public School Board. At top is the layout of the Afton and McKee elementary schools; Below, that of the Delwood and Westbrook Elementary schools. These four compact, "window-less" schools are to be built in 1966.
